On October 4, the US Government filed a Statement of Interest Supporting Dismissal of the Amended Complaint.

Some of the relevant filings, a November 2021 *British Medical Journal* report and a May 2022 JikkyLeaks report are linked at the footnote. ¹

I'm working on a report and analysis post about the US Government's October 4 filing, hoping to publish tomorrow.

In short, the US Government's argument implicitly confirms that the 'Covid-19 vaccine' is part of a bioattack on humanity led by the US Department of Defense, not a public health program.

Judge Truncale has been handed an excellent opportunity to cut into the heart of the international, genocidal criminal enterprise, and legally classify the products falsely classified as 'Covid-19 vaccines' as what they truly are: illegal, mass-murdering US DOD chemical and biological weapons.

Because he has been given this opportunity, globalist forces are undoubtedly focusing a great deal of effort to cloud Judge Truncale's understanding, weaken his discernment and will, and corrupt his soul right now.

It behooves the people of Christendom to focus a great deal of effort on asking God to grant Judge Truncale clear understanding and strong discernment and will; help him avoid the temptation to complicity with evil; help him rule wisely and well on this case in this world; and help him save his immortal human soul from eternal damnation in the next world.

And also to ask God to help Judge Truncale bring about the worldly conditions under which the globalist criminals can perhaps save their own immortal souls, by entering the long process of facing justice for the evil actions they've each committed in their vain pursuit of the overthrow of God Himself.
